## Pitch & Putt.

Golf enthusiasts will love Brean Golf Club! It's an 18 hole, almost 6000 yards par 71 course located at Brean Leisure Park, in approximately 120 acres of lush green meadowland

The layout is such that you are never far from the clubhouse, making it popular with seniors. Being close to the coast, wind can offer serious challenges and no two holes are ever the same

**Resident PGA Professionals available for tuition**

**Water features come into play on many of the holes providing formidable hazards to the flat landscapes**

The greens are irrigated by pop up sprinklers and since the fairways are cut from meadowland they remain lush even in dry periods and are well drained
